

BEFORE YOU BEGIN
All information is based on the latest product information available at the time of publication. Kohler Co. reserves the right to make changes in product characteristics, packaging, or availability at any time without notice. Leave these instructions for the consumer. They contain important information. NOTES: • Follow all local plumbing and building codes. • If possible, install this faucet before installing the lavatory. • Flush the water supply pipe thoroughly to remove debris. • Inspect the supply tubing for damage and leakage. Replace and maintain as necessary. • Shut OFF the water supply to the fitting.
HANDLE OPERATION
• Gently lift the handle. • Turn the handle clockwise for hot water, • Turn the handle counterclockwise for cold water.
ROUGH-IN (in mm)
 Note: The recommended dimension for installation can be adjusted according to user preferences and layout.

INSTALLATION

How to Install the Spout

- Install the mounting stud (1) into the base of the faucet body.
- Insert the faucet assembly into the lavatory hole.
- Position the faucet.
- From the underside, place the bracket (2, rubber washer is on the top) onto the mounting stud (1), and tighten the nut (3) to secure the faucet.
- Connect the hoses (4) to the water supply. When facing front of the faucet, connect the left hose to the hot water supply and connect the right hose with "COLD" label to the cold water supply.

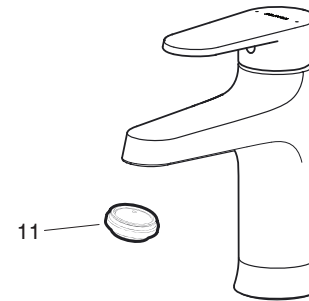

How to Install the Drain

- Remove the stopper (5) from the top waste (7).
- Install the top waste (7) with the foam washer (8) into the drain hole.
- Put the rubber washer (9, tapered side up) into the groove of the bottom waste (10).
- Align the top waste (7) with the bottom waste (10).
- Using a hexagon wrench, screw the stud (6) through the hole of the top waste (7) and bottom waste (10).
- Screw the stopper (5) into the top waste (7).

NOTE: If needed, apply plumbers putty around the underside of the drain body, instead of using washer (8). Screw the stopper (5) into the drain body.

INSTALLATION CHECKOUT

- Verify that all connections are tight.
- Verify that the handle is in the OFF position.
- Turn ON the drain and the main water supply.
- Check all connections for leaks. Repair as needed.
- Using a coin, remove the aerator (11).
- Turn ON the faucet. Run hot and cold water through the spout for about 1 minute to remove any debris.
- Remove any debris from the aerator.
- Shut OFF the faucet. Reinstall the aerator.

CLEANING INSTRUCTIONS

All Finishes: Clean the finish with mild soap and warm water. Wipe entire surface completely dry with clean cloth. Many cleaners may contain chemicals, such as ammonia, chlorine, toilet cleaner and so on, which could adversely affect the finish and are not recommended for cleaning.

Do not use abrasive cleaners or solvents on Kohler faucets and fittings.

KOHLER® Faucet Lifetime Limited Warranty

Kohler (Thailand) warrants its faucets manufactured after January 1, 1997, to be leak and drip free during normal residential use for as long as the original consumer purchaser owns his or her home. If the faucet should leak or drip during normal use, Kohler (Thailand) will, free of charge, replace the new cartridge necessary to put the faucet in good working condition.

Kohler (Thailand) also warrants all other aspects of the faucet or accessories ("Faucet") to be free of defects in material and workmanship during normal residential use for as long as the original consumer purchaser owns his or her home. If a defect is found in normal residential use, Kohler (Thailand) will, at its election, repair, provide a replacement part or product, or make appropriate adjustment. Damage to a product caused by accident, misuse, or abuse is not covered by this warranty. Improper care and cleaning will also void the warranty.

Proof of purchase (original sales receipt) must be provided to Kohler (Thailand) with all warranty claims. Kohler (Thailand) is not responsible for labor charges, installation, or other incidental or consequential costs. In no event shall the liability of Kohler (Thailand) exceed the purchase price of the Faucet.

Important: Never use cleaners containing abrasive cleansers, ammonia, bleach, acids, waxes, alcohol, solvents, or other products not recommended for chrome. This will void the warranty.
