Care and Cleaning

WARNING: Risk of property or product damage. Do not use in-tank cleaners in your toilet. Products containing chlorine (calcium hypochlorite) can seriously damage fittings in the tank. This damage can cause leakage and property damage.

For best results, keep the following in mind when caring for your product:

- Carefully read the cleaner product label to ensure the cleaner is safe for use on the material.
- Always test your cleaning solution on an inconspicuous area before applying to the entire surface.
- Wipe surfaces clean and rinse completely with water immediately after cleaner application. Rinse and dry any overspray that lands on nearby surfaces.
- Do not allow cleaners to sit or soak on the surface.
- Use a soft, dampened sponge or cloth. Never use an abrasive material such as a brush or scouring pad to clean surfaces.
- Be careful not to leave staining materials in contact with the surface for extended periods of time.
- The ideal cleaning technique is to rinse thoroughly and blot dry any water from the surface after each use.

Limited Warranty

Kohler (Thailand) Public Company Limited warrants to the original products, which are purchased from authorized distributors and dealers within Kingdom of Thailand only, to be free of defects in material and workmanship. Within the below mentioned periods from the date of purchase, Kohler (Thailand) Public Company Limited will at its election, repair, replace or make appropriate adjustment where company's inspection discloses any such defect occurring in normal usage and maintenance but is not responsible for labor charges, removal charges, installation, or other incidental or consequential costs.
