Important Notice: The stone drain cover assembly supplied with the kitchen sink is designed to match the original surface finish and stone appearance. Due to the inherent visual variation of natural stone, a replacement drain cover assembly purchased as a service part may vary slightly in finish from the original sink surface. This variation is expected in natural stone materials and does not affect the product's performance or durability.

**Finish/color code must be specified when ordering.

We reserve the right to make revisions without notice in the design of products or in packaging unless this right has specifically been waived at the time the order is accepted.
