### Important Notice for Care, Cleaning and Daily use.

#### ⚠ CAUTION : Risk of product damage.

Do not stand, knock or stack heavy objects on the toilet seat. The load could damage the toilet seat.

Clean the outside surface of your toilet seat with mild soap and warm water. Wipe the surface completely dry with a clean soft cloth.

Do not use any abrasive cleaners as they will scratch and dull the surface. Avoid any detergents, disinfectants or cleaning products. Avoid contact with abrasive chemicals and solvents such as nail polish removers, thinners and after shave lotions as they may damage the surface of your toilet seat.

To prevent any possible damage to the seat & its components, do not use strong acidic or strong alkaline cleaners. If the surface becomes excessively dirty, please use a mild general purpose cleaner.

During closure, allow the seat to drop down at its own pace. Do not force the closure as it may damage the dampers.

Avoid direct exposure to strong lights such as sunlight, ultraviolet lamps, etc.

## WARRANTY POLICY

Kohler plumbing products are warranted to be free of defects in material and workmanship for 2 years in residential application and 1 year for non-residential application from the date of purchase.
