ASHTON MEADOWS

BY STUDIO MCGEE

The Ashton Meadows collection is a ceramic series of remarkable character and charm. Joining the plain field tile are Rectangular and Diamond patterns finished in a delicate, scalloped edge lending visual interest which can be heightened by contrasting grout. Offered in five distinctive colorways, this collection's mix-and-match abilities present showstopping options for the home.

“The Ashton Meadows Collection was inspired by the kind of charm you find in a hand-written note—thoughtful, personal, and timeless. I wanted to bring that same feeling into a tile design. ”
