## RECOMMENDED USE

- Suitable for indoor wall applications
- Suitable for installation on shower walls

## INSTALLATION AND MAINTENANCE

- Install per industry standards for glass mosaics
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- Sheeted repeat sections will fit together in an interlocking pattern
- Patterns face mounted on clear Mylar sheets. This means nothing comes between the glass and adhesive to compromise the integrity of a secure bond
- Can be installed using standard thinset application. Use white thinset for light or translucent glass
