

Gallery Glass

Handcrafted in Italy, Gallery Glass takes its rightful place among best-of-class ANN SACKS products with its remarkable beauty, eye-catching color choices and versatile nature to transform spaces inside and out. To achieve its radiating depth, spectrum of coloration and shimmering surface, Gallery Glass requires a multi-faceted laminated process that seals in the rich shade variations and surrounds the tile in a protective seal. It also creates the appearance of undulating movement across the surface that reflects and refracts surrounding light.

INSTALLATION AND MAINTENANCE

- Install per manufacturers' installation instructions
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Non-sanded grout is recommended to prevent scratching the surface of the tile
- Use extreme caution when handling glass tiles and wear protective gloves
- Clean with warm soapy water or PH neutral glass cleaner and soft cloth
- Glass tile should never be butt-jointed due to expansion and contraction of glass
