INSTALLATION AND MAINTENANCE

- Please reference the TCNA handbook for installation of ceramic tile (www.tcnatile.com)
- Always inspect material prior to installation, installed material cannot be accepted for return or credit
- It is recommended to seal with a penetrating sealer before and after grouting
- Recommended to use flexible setting adhesive for tiles wider than 12 inches
- 12-inch wide tiles may be installed up to 50% offset. 24 inch wide tiles may exhibit some bowing in the center and it is recommended to install in a straight stack or maximum offset joint 1/3 the length of the tile. Even with a 1/3 offset, some bowing will be evident
