## INSTALLATION AND MAINTENANCE

- Stone furniture is honed and presealed, but as a natural material, all stone is porous and can be nicked, stained or scratched; avoid placing sharp or heavy objects on the surface
- Always blot spills immediately and rinse with a clean, damp cloth
- To prevent ring marks, place coasters or trivets under glasses, dishes and hot items
- Regularly dust with a clean, soft, lint-free cloth to remove loose surface particles that can scratch the surface
- Periodic resealing of the stone furniture is recommended using products formulated for natural stone
