No change in measurements if connected with drain illustrated. (K-7223)

Cut-out: 102-1/4" (2597 mm) x 40" (1016 mm)

Installation

- Center drain
- Drop-in

Installation Notes

Install this product according to the installation instructions.

Measure your actual product for rough-in details.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

Unit must be filled through the bathing well.

Consult local and national codes for minimum air gap requirements when installing a spout on the faucet deck.
