Notes

Measure your actual product for rough-in details.

Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

Kit is required for under-mount installations (sold separately).

Control amplifier fits 16" (406 mm) center studs. 25' (7.6 m) cables are included.

IMPORTANT! Due to BLUETOOTH signal overlap, installations of multiple baths within 50 ft (15.2 m) of each other will require special order product. Please contact your dealer, showroom, or sales representative for ordering assistance.
