Water capacity:	63 gal (238.5 L)
Electrical component rating:	Heated Surface: 120 V, 0.5 A, 60 Hz, 65 W
Minimum flat for door:	2" (51 mm)

Notes

Measure your actual product for rough-in details.

Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

If installing a rim-mount faucet, make sure there is no interference above or below the deck before drilling any holes.
