

Features

- Trim plate includes temperature control knob with integrated adjustable high-temperature limit stop and shower outlet on/off buttons.
- When pressed once, shower outlet turns on and button pops out, becoming a knob for water flow adjustment.
- When pressed back in, water turns off and outlet button aligns with control plate surface; flow setting remains intact.
- High-temperature limit setting for added safety.
- Low-profile design with easy-to-clean water-resistant casing.
- Requires five-port thermostatic valve with integral volume control (sold separately).
- Handles up to 12 gpm (45.4 lpm) flow capacity (rate may vary by installation).

Installation

- Mounts on finished wall surface.

Required Products/Accessories

K-26343W Five-port thermostatic valve with volume control
