## Installation Notes

***Install this product according to the installation instructions.***

Plumbing codes require approved backflow prevention devices to be installed in-line to handshowers. Please consult with local plumbing officials.
Mount the slidebar to stud framing or install backing support.
For tile or other solid finish surfaces: Predrill mounting holes through surface material only; do not drill into the stud.
For drywall surface: No predrill is required.
NOTE: The mounting brackets can be adjusted to align with existing holes for retrofit installations.
