Material

- Solid wood and veneers.
- Wood is a living material, and its beauty is enhanced by natural variations in grain, color, and pattern. No two pieces of wood are exactly the same, and the color will change with age, temperature, and exposure to light.
- The nature of wood grain can cause variations in stain depth. Our expert craftspeople hand-apply the stain to blend these variations.

Notes

Install this product according to the installation guide.

Decorative cabinet hardware is not supplied. Refer to the KOHLER bath accessories line for recommended cabinet hardware to complement your vanity.

To properly support the weight of the vanity and sink, secure to stud framing or 2x6 bracing behind the finished wall.

Select 250 lb (113.4 kg) load bearing 5/16" lag bolts with a length to clear obstacles in the wall and 5/16" washers.

Plan for electrical service if installing the optional electrical strip. Any electrical accessory components must be connected to a circuit protected by a Ground-Fault Circuit-Interrupter (GFCI) or Residual Current Device (RCD).
