

Features

- Includes faceplate with handle
- Single handle controls flow to outlets
- When used with K-728 Series MasterShower® diverter valves, handle controls flow to two or three outlets individually or any two outlets at a time
- When used with K-737 Series MasterShower diverter valves, handle controls flow to two or three outlets individually or only one outlet at a time.
- Valve (sold separately) can be configured on site for 2- or 3-outlet operation
- 360° handle rotation with three-outlet operation
- 120° handle rotation with two-outlet operation
- Complements Kelston faucets and accessories

Material

- Premium material construction with metal handle ensures reliability and durability
- KOHLER finishes resist corrosion and tarnishing

Installation

- Trim only; requires valve to complete installation (sold separately)
- Patented K-joint installation technology ensures consistent trim appearance, regardless of variability in valve rough-in
