

Athens Silver Cream

Athens Silver Cream is a neutral stone that is anything but plain. This attractive light cream marble is characterized by a threadlike striated patterning that is delicate, yet distinguishing. A comprehensive assortment of field sizes, slab, trim and mosaics allows for a multitude of installation options.

RECOMMENDED USE

- Suitable for all indoor wall and flooring applications
- Outdoor use subject to climate and method of installation – material not affected by freeze/thaw conditions
- Please see Ann Sacks slip-resistance and wet-flooring application statement to determine usage in a wet area
- Select testing available

INSTALLATION AND MAINTENANCE

- Install per industry standards for natural stone
- Always inspect material prior to installation – installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- It is recommended to seal natural stone with a penetrating sealer
- Periodic cleaning and resealing is recommended using products formulated for natural stone
- When installing the striated and micro striated formats, we recommend that you tape the face of the grout line prior to grouting and use a pastry bag to pipe the grout in, minimizing grout contact with the face of the striated stone. Bostik Blaze Haze remover is recommend once grouting is complete
