

Gem by Kelly Wearstler

The Ann Sacks collaboration with internationally renowned interior and product designer, Kelly Wearstler, continues with Gem by Kelly Wearstler for Ann Sacks — nine handcrafted designs that reflect the earthy beauty of encaustic tiles with the sophisticated nuance of simple, repeated patterns. The artful repose of the Gem designs captures the unexpected patterning and nonconformity found in nature in a soothing neutral palette of layered color and contrasting geometric relief.

RECOMMENDED USE

- Suitable for all indoor wall and flooring applications
- Outdoor use subject to climate and method of installation
- Exterior applications may experience some fading over time due to UV exposure — more obvious in dark colors
- Please see Ann Sacks slip resistance and flooring statement to determine usage in a wet area
- Caution recommended for use in wet areas as exposure to water may cause efflorescence
- Caution recommended for kitchen or bathroom areas as finish may etch where acidic substances or cleaners are frequently used and may be susceptible to oil staining

INSTALLATION AND MAINTENANCE

- Install per manufacturer's installation instructions
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- It is recommended to seal with a penetrating sealer before and after grouting. Recommended sealants are listed in installation instructions
- Use of pigmented grout is not recommended as it could stain light-colored areas
- Periodic cleaning and resealing is recommended using products formulated for concrete
